

Giving By Beneficiary Designation

Did you know that you can name North Care Women's Clinic as a beneficiary of your bank account, stock account, retirement plan or life insurance policy?

Naming North Care Women's Clinic as your beneficiary is a simple way to stand for life in your community. Many supporters choose to give through a beneficiary designation because it avoids the burdensome costs and delays that can be experienced with the probate process. Their wishes for our community can be fulfilled much sooner (while you're still alive to see the impact) and their impact even greater. Yours can be too!

How it Works

Your gift can be completed by following three easy steps:

Step 1- Contact your financial institution, plan administrator or insurance company and request a beneficiary designation form.

Step 2- Complete the form to designate North Care Women's Clinic as a primary or contingent beneficiary. Please note our Tax ID number is **22-2558490** and the address is 311 N. Broad Street, Lansdale, PA 19446

Step 3- Return the form to your financial institution, plan administrator or insurance company, then contact us to let us know!

No matter the form or size, your gift will ensure that a safe place for women facing unplanned pregnancies exists in our community for many years to come.

We're Here to Help
