# From the Executive Director

We are a couple of months shy of my first full year as Executive Director, and it has been stretching and growing for both myself and North Care in many ways. I can honestly say that I have prayed more for God's direction and wisdom in this position than I have in my whole life. That's what happens when God calls us out of our comfort zones! He calls us into more reliance on Him. So many other team members have also stepped up and taken on bigger responsibilities, leading others as our team continues to grow to accommodate this thriving ministry.

In 2025, we hit a milestone of over 1,000 clients in one year. While that's a lot of women, there will always be specific stories that really stay with me. For example, a client towards the end of year, who drove over two hours with her boyfriend to North Care because we were able to provide an ultrasound the next day. She already had the abortion pills ordered, but wanted to see what was going on with her pregnancy. She and her boyfriend both looked at the baby, and were moved by what they saw! On the last day of 2025 we received a text from her saying, "I have a doctor appointment set up, thank you for helping me decide to keep my baby." **This client is a triumph of North Care's mission and culmination of many goals of the past few years.**

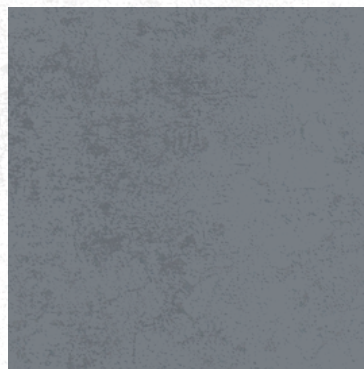

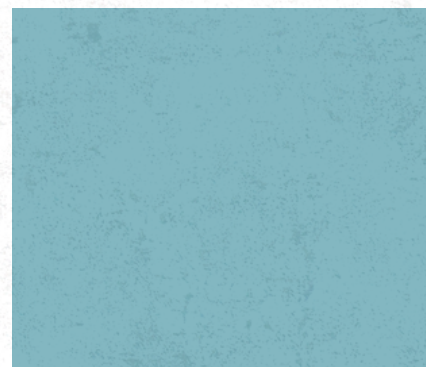

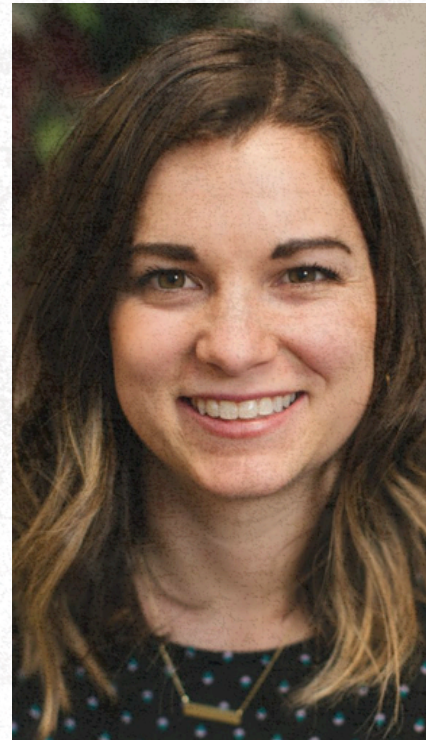

A special verse for me personally in 2025 was Psalm 90:16. *"Let your work be shown to your servants, and your glorious power to their children."* I have shamelessly begged God to work and show up in my life, and in the life of our clients. We pray that He shows His glorious power to their children, His power to protect, to save, and to eventually lead them into a love for Him.

I can't wait to see how He shows His work in 2026,

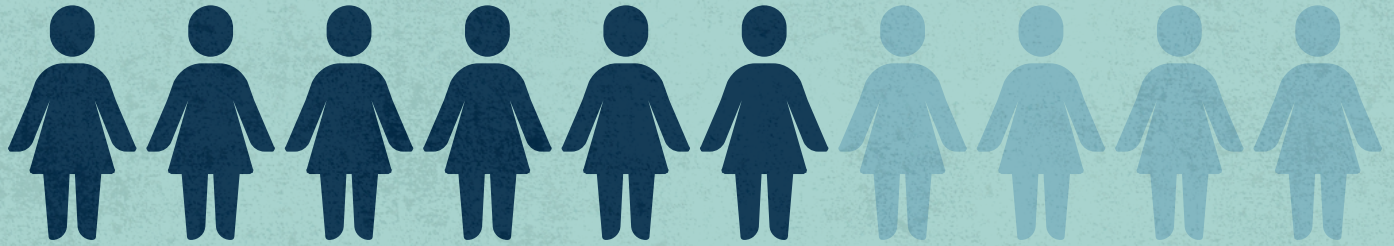

**Karli Weiss**
